TRUSTED BY FAMILIES

Hydra safety covers are custom-fit, American-built and designed to protect your pool, your family and your peace of mind.

Durable materials and secure hardware lock out debris, sunlight and accidental access to your pool. Trusted by families who expect safety and reliability, year after year.

PROTECT WHAT MATTERS

.....

WHY EVERY POOL NEEDS A SAFETY COVER

A safety cover does more than just close your pool. It protects your family, saves time and money and keeps your backyard looking its best all year long.

.....

Blue Solid Vinyl

PROTECTION

Hydra Safety Covers protect your family and your pool. They prevent accidents, block debris and extend the life of your liner. Covered liners are shielded from UV damage, which is one of the top causes of fading and premature wear.

SAVINGS

A Hydra Safety Cover helps you save season after season. By blocking sunlight and debris, it cuts down on algae growth, chemical use and cleaning time. That means lower maintenance costs and fewer surprises when you open your pool.

USE UP TO
30% LESS
CHEMICALS*

*Blocking sunlight and debris helps reduce chlorine loss and algae growth.

PREVENT UP TO
95%
WATER EVAPORATION*

*Data supported by EPA WaterSense and multiple pool industry studies.

SHIELD YOUR LINER FROM UV DAMAGE
5-7 MONTHS
PER YEAR*

*Covering during fall and winter protects against sun fading and premature wear.

SIMPLICITY

Hydra safety covers are easy to use. Strong yet lightweight, they install quickly with no messy water bags or complicated setup. Built-in drainage or pump options keep the surface clear. Close your pool with confidence and spend more time enjoying it.

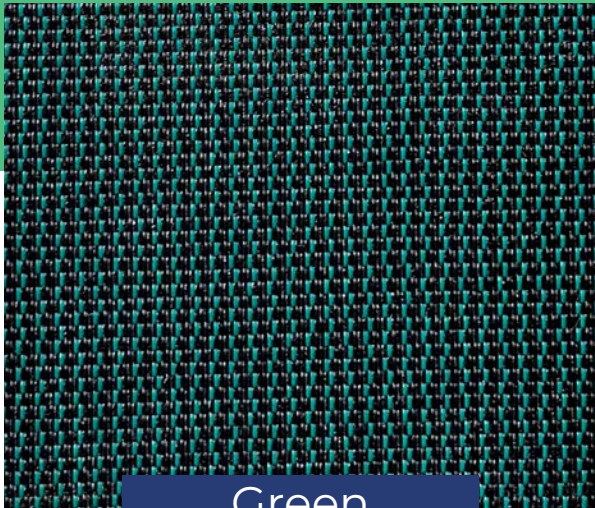

HYDRA 98.9 ULTRA MESH

Hydra’s 98.9 Ultra Mesh stands up to harsh weather from wind to snow, while blocking sunlight to reduce algae and chemical use. Strong yet lightweight, it’s easy to handle and makes off-season care simpler.

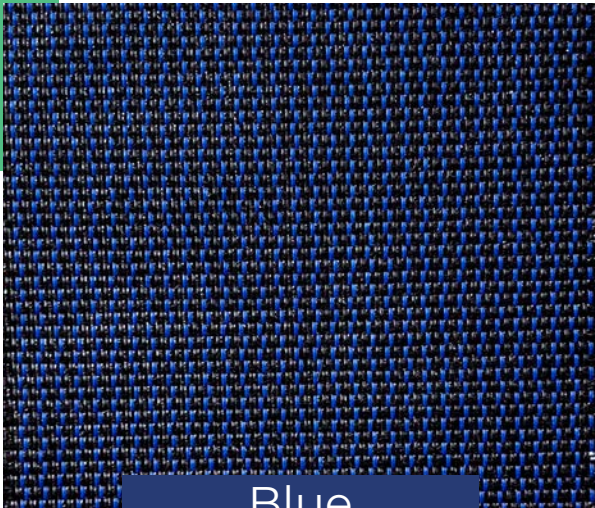

“Thanks to
Hydra Pools for
the great quality
covers.”

 Best For	Pool owners seeking a low-maintenance cover with strong debris filtering and quick spring opening.	Pool owners who want the cleanest possible spring opening and maximum algae prevention
 Warranty	20-Year Pro-Rated 1 Year Full	20-Year Pro-Rated 1 Year Full

Built Smarter, Made Stronger

Hydra safety covers combine innovative design with superior materials to deliver dependable performance no matter the weather. From reinforced hardware to advanced stitching techniques, every element is engineered for safety, durability and peace of mind. Hydra safety covers are tested and proven to meet or exceed ASTM F1346-91 safety standards.

Webbing is sewn top and bottom for added strength and increasing tear resistance across the cover.

Placed at every anchor point, Ethelyne reinforcement strips shield both the cover and coping from wear caused by rubbing during windy conditions.

Tan Solid Vinyl

Low-profile brass anchors provide secure mounting, while protective beauty rings create a clean, finished look that shields your decking.

Hydra's TruSteel springs maintain tight, consistent tension without stretching. Made from stainless steel, they keep your cover secure year after year.

Complete Your Pool

.....

Hydra vinyl liners deliver lasting performance and custom style. Available in a wide range of patterns, thicknesses and even pet-friendly options, they're designed to fit your pool and your lifestyle. Fade-resistant and custom-fit, every liner is built to look great and hold up to years of use.
